PERSONEL ANNOUNCEMENT

Andreas Schmid Group opens new Air & Sea location in Prague

Gersthofen, 30 September 2026. The Andreas Schmid Group is strengthening its presence in the Czech Republic: A new Air & Sea office has opened in Prague and has been fully operational since September 2026. From this location, the team develops international air and sea freight solutions while also supporting collaboration within the Group.

With the acquisition of Czech logistics company Karnool s.r.o. in August 2024, the Andreas Schmid Group had already significantly expanded its activities in the Czech Republic. The new Prague location marks another step in the targeted expansion of the Group's position in Central and Eastern Europe.

International Air and Sea Freight from Prague

The Air & Sea team is led by Václav Svoboda and Lukáš Kostecký. Its focus is on tailored solutions for international transport – ranging from time-critical shipments, dangerous goods and project cargo to hand-carry services. This adds further air and sea freight expertise to the Andreas Schmid Group's existing activities in the Czech Republic.

Prague offers favourable conditions for these operations: The Czech capital is located at the crossroads of Western and Eastern Europe, has convenient connections to major European gateways and provides access to markets across Central and Eastern Europe. The new office is just a few minutes from Prague Airport, providing direct access to international air transport and logistics networks.

With the new location, the Andreas Schmid Group is adding capacity and expertise to support customers throughout Europe with tailored air and sea freight solutions.
